Seminar on 'Evolving Regulatory Landscape in Pharmaceuticals: Challenges and Opportunities'

Event Name : Seminar on 'Evolving Regulatory Landscape in Pharmaceuticals: Challenges and Opportunities'

Event Date : 29-3-2025

Convener : Dr. Gaviraj EN.

Address : BLDEA's SSM College of Pharmacy and Research Centre
Vijayapur, Karnataka.

A seminar on 'Evolving Regulatory Landscape in Pharmaceuticals: Challenges and Opportunities' was organized by the Department of Pharmacognosy in association with IQAC. The seminar featured Mr. Dinesh B. Sarur, Regulatory Affairs Team Manager at Anthem Biosciences Ltd., who shared his expertise on the complexities of regulatory frameworks, emerging challenges, and career opportunities in the pharmaceutical industry. The event aimed to equip students with a comprehensive understanding of regulatory affairs and its critical role in ensuring the safety, efficacy, and quality of pharmaceutical products. The seminar commenced with a warm welcome address by Dr. Gaviraj EN, Professor and HoD and convener of the seminar, who emphasized the importance of regulatory affairs in the pharmaceutical industry. Dr. BS Hunasagi, Associate Professor introduced the resource person. Dr. CM Setty, Principal and President of the seminar, highlighted the critical role of regulatory affairs in shaping the pharmaceutical industry.

Mr. Sarur began by outlining the role of regulatory affairs, as the interface between pharmaceutical companies and regulatory authorities such as the Central Drugs Standard Control Organization (CDSCO) in India, the U.S. Food and Drug Administration (FDA), and the European Medicines Agency (EMA). He emphasized the importance of compliance with Good Manufacturing Practices (GMP), Good Clinical Practices (GCP), and Good Laboratory Practices (GLP). Mr. Sarur shared real-world examples from Anthem Biosciences, illustrating the preparation of regulatory dossiers and interactions with CDSCO and FDA. He discussed a case study on navigating clinical trial waivers under the NDCT Rules 2019, highlighting the importance of strategic planning. He also emphasized the "Right First Time" approach to minimize approval delays, a critical factor in the competitive pharmaceutical market.
