M Patil Medical College and RC,Vijaypur.
Dr R B Kotnal ,Director of BLDEA's SSM COP and RC Vijaypur.
Dr B S Hunasagi ,IQAC Head.
-

One day programme on 4th National pharmacovigilance week 2024 with the theme of "Building ADR Reporting Culture for Patient Safety".The program was organized by Department of Pharmacy Practice, in association with CPETS Forum and IQAC.

The National Pharmacovigilance week is celebrated all over the nation from 17th-23rd September, This gathering is not just a celebration of our shared commitment to safety and health; it is a vital opportunity for us to unite and reflect on the indispensable role that pharmacovigilance plays in our healthcare systems.

Adverse Drug Reaction (ADR) is one of the leading causes of morbidity and mortality worldwide. It is, therefore, imperative to evaluate the safety of medicines through Pharmacovigilance system.

The Ministry of Health and Family Welfare, Government of India recasted Pharmacovigilence programme of India on 15th April, 2011 and shifted the National Coordination Centre from All India Institute of Medical Sciences (AIIMS), New Delhi to IPC, Ghaziabad and is continuing.

Pharmacovigilance is more than a scientific discipline; it is a safeguard for patients and a cornerstone of public health. The continuous monitoring of drug safety is essential to detecting, assessing, understanding, and preventing adverse effects or any drug-related problems. As healthcare professionals, researchers, and policymakers, it is our collective responsibility to ensure that the medications we use are safe and effective, and that any risks associated with them are communicated transparently.

This year's theme, "Building ADR Reporting Culture for Patient Safety", emphasizes our need to engage, educate, and empower one another. It serves as a reminder that collaboration is key. By working together—across sectors and disciplines—we can enhance our pharmacovigilance systems, improve data sharing, and foster a culture of safety.

The resource persons were Chief guest: Prof.Dr.Y M Jayaraj Pro-Chancellor BLDE(DU) Vijaypur and Guest of Honor: Dr. Akram Naikwadi. Head,Dept. of Pharmacology,Shri B M Patil Medical College and RC,Vijaypur.

Dr.Mallinath P sir was to delivered brief introduction about 4th National pharmacovigilance week 2024 and with welcome speech to the gathering.

Invoking heavenly blessing is essentially a ritual and a part for prosperity and success of any given Programme or function. So, Miss. Arati Roja, PharmD intern to rendered an invocation song.

Moving on to Inauguration, our honorable Guests and dignitaries to inaugurate the event by Watering the saplings.

Now,chief guest **Dr. Y M Jayaraj sir** expressed their views on pharmacovigilance. He was explained about not only drug safety but also taking care of whatever human being consumed i.e. Pharmaceuticals, Neutraceuticals, Microplastic in tea cup, ADR , Patient care , so on...

Guest of honor **Dr. Akram Naikawdi sir** to delivered a key note on 4th National pharmacovigilance week 2024 with the theme of "Building ADR Reporting Culture for Patient Safety.

Inaguration of VAC on Pharmacovigilance.

Sessions were more informative and interactive.

Let's give our full attention as we learn from those valuable presentations.

Now,our pharmD intern **Miss. soniya jain** to come forward and brief about pharmacovigilance introduction, basic information about pharmacovigilance, aims, objectives, pharmacovigilance programme of India and Role of PvPI in our hospital.

Pharm D Interns were excited to highlight the significant efforts of our Department of Pharmacy Practice in enhancing Adverse Drug Reaction (ADR) reporting within our hospital. We have collected, collated and reported many ADRs found in our hospital. Our fellow students will present some of the ADR reports encountered in our facility, shedding light on the importance of this work and the insights we've gained.

Our pharmD intern **Miss. Arati Roja** to presented a Case Report on Ecosprin induced Hematuria and dexamethasone induced hyperglycemia.

Our pharmD Final year student **Miss. Shrinidhi Doddamani** to presented a Case Report on Prednisolone induced Facial puffiness and weight gain.

Our pharmD Final year student **Miss. Shalini Vagadurgi** to presented a Case Report on clofazimine induced hyperpigmentation.

Our B.pharm Final year student **Miss. Arpita Kote** to present on National co-ordination centre, Pharmacovililance Programme of India and drug alerts of PVPI.
